

**Pet Friendly Hotels in Atlantic County**

Revised: March 2015

It is important to include your pet(s) in your emergency plans. The following list of pet-friendly facilities is provided to assist you with your preparations, however, there may be additional facilities not included on this list. Please note that some facilities may only accept certain species and may limit the number of animals permitted in each room and that certain facilities would be a better choice based on the type of emergency- e.g. evacuating away from the shore during a Nor'easter. Remember, **“Preparedness Begins With Me!”** So don't delay in making plans now for both you and your pet(s).
